

# Membership Communication System (MCS)

Once you become a member of the WI you will receive free copies of the National WI magazine, WI Life. There are eight editions of the magazine per year (Feb, Mar, April, May, July, Sep, Oct, Nov ) and each issue will be posted direct to your home.

In order for that to happen your details must be on the National Federation's database. This database is called the Membership Communication System (MCS) **All information is securely held and is not available to the general public.**

## NEW MEMBER DETAILS

(Please write clearly, block capitals preferred for name and address)
